

# Geriatric Oncology (GO) Nursing Education Modules

---

<https://education.eviq.org.au/courses/geriatric-oncology>

GO is a free resource for nurses who work with older people affected by cancer.

## Four online modules cover the following topics:

1. Changes associated with ageing
2. Implications for care of an older person with cancer
3. Communicating with an older person with cancer
4. Professional issues for nursing practice

The GO resource was developed in collaboration by
